Common Ground

COMMUNITY FIELD GUIDE / AUTUMN 2026

A place to grow. A place to belong.

Good things happen when we make a little room for one another. Come for a quiet hour, a shared meal or something new to learn.

Find your starting point

Grow something
A few seeds. A pair of hands. A garden we tend together.

Share a table
Pull up a chair for conversation and a warm bowl of soup.

Make it last
Swap a skill, mend a favorite thing or try a small project.

Every visit starts with hello

All sessions are free. No membership, equipment or experience is needed. Come on your own or bring someone with you.

Make room for a good day.

Stay for one session or linger a little longer. You decide how to take part.

Autumn 2026 · Weekly sessions at the Common Ground garden

Program	When	What to expect
Garden together	Saturdays, 10–11:30 am	Plant, water or harvest. Seated tasks are available.
The shared table	Saturdays, noon–1 pm	Bring your lunch or share the seasonal soup. Ingredients are listed.
Make & mend	First Saturday, 2–3:30 pm	Bring a small repair or try a simple craft. Materials are provided.

Plan a comfortable visit

An easy arrival

- Enter through the wide gate beside the greenhouse.
- The main path is firm and level. Seating is available along the way.
- A welcome volunteer can show you the garden and the accessible restroom.

Choose your pace

- Take part seated or standing, or simply watch.
- Use the quiet corner whenever you would like a break.
- Ask for written instructions or a demonstration. Both are welcome.

A small first step is enough

You do not have to know anyone, know what to say or stay all day. There is a place for you here.

About this guide

Common Ground and its programs are fictional. This sample shows how a thoughtfully designed document can carry its structure into PDF and HTML.
