A PLACE TO BEGIN

SMALL ACTIONS. SHARED OUTCOMES.

An open door, a working kitchen, a garden plot. This year, our fictional neighborhood programs connected more people with practical spaces to learn, make, and belong.

1,240

households took part
across four neighborhoods

4,860

volunteer hours
shared across our programs

12

community spaces
kept open and active

OUR PROGRAM PRINCIPLE

Built around daily life.

Evening workshops, shared meals, and weekend garden sessions made participation easier for people with different schedules. The next step is a longer opening window at each neighborhood space.

FOLLOW THE SUPPORT

GOOD INTENTIONS. CLEAR ALLOCATIONS.

A practical view of this fictional operating budget. Every category supports the same aim: useful places, open to more people.

PROGRAM AREA	ALLOCATION	SHARE
Neighborhood spaces	\$168,000.00	40%
Learning & workshops	\$126,000.00	30%
Shared meals & gardens	\$84,000.00	20%
Access & transport	\$42,000.00	10%

TOTAL OPERATING ALLOCATION · USD

\$420,000.00

What we count.

Households are deduplicated within the annual program register. Volunteer hours include recorded event and maintenance time. Space counts refer to year-round locations, not individual events.

Quarterly counts show participation within each period and must not be added to estimate unique annual reach.

What comes next.

Extend evening access. Improve step-free entrances. Publish a simple monthly view of program activity and spending.
